

A program for young survivors
of acquired brain injury...

SURFACES

SURFACES by SARBI is a program developed for young adults with an Acquired Brain Injury that provides an opportunity to learn new skills through informative and interactive sessions relating to topics that affect young adults today! With the support of SURFACES Program Facilitators, the knowledge gained in these sessions will then be applied in various social events and situations in the community! SURFACES is a unique program designed to facilitate the opportunity for young ABI survivor's to experience a healthy, age appropriate social life!

Program Start Date ~ Friday, April 13th, 2012

When ~ Friday Evenings from 7 – 9 pm.

Where ~ SARBI (425 Winnipeg St.)

Who ~ Adults ages 18 – 35 or Young at heart!

SURFACES by SARBI programs are free by application!!

Some examples of information session topics are: Manners in various social situations, Computer/Social Networking Skills, Sexual Education, Relationship Building, Various Independent Living skills, etc.

Some examples of events or activities the group will experience are: Concerts/Live Music, Appetizer's at a Lounge, Cultural Events, Theatre, Dinner Groups, and many other awesome events taking place in our community dictated by the interests of the SURFACES group!
